Bribery

If the army arrives at the shelter and you have at least 15 coins, you can leave the shelter regardless of infection. Hopefully, city hospitals and real antibiotics are better at managing this disease.

Entrapment

You may bind the earth spirit to any object. For this to work, the earth spirit must not be bound to a body or another object. The earth spirit is paralyzed at the start of ability. From there, the entrapment will take 3 uninterrupted minutes to complete. Once the ritual is successful, the earth spirit must remain within two ZOCs of the object it's bound to and obey every feasible command made by the one who wields that object.
